

You can live without **CARBS.**

Most people have enough energy stored to run 600 miles.

You can live without **CAFFEINE.**

You might be cranky for a few days, but your body adjusts quickly.

But you can't live without **YOUR PAYCHECK!**

That's a fact. More than half the workers in America could not meet their financial obligations if their paychecks were delayed for just one week.*

YOUR PAYCHECK. IT'S WHAT YOU REALLY NEED.

Celebrate payday and the payroll professionals who make paychecks happen during
National Payroll Week, September 5-9, 2005.
